► **Designed for professional users – this product provides unsurpassed Felo quality in every detail at a money-saving price!**

AC 1000 V

State-of-the-art 2-component bitholder combined with an assortment of Felo top-performance bits replaces 11 different professional screwdrivers.

Every single insulated bitholder is individually tested to 10.000V and conforms to DIN EN Standard 60900 for electrician's tools.

The ergonomic handle shape has all the features of Felo series 500, guaranteeing – like our Felo high quality bits – exceptional performance.
