

SEPTEMBER, 2006

Sales Bulletin

In Memory of John Bondhus

As we begin the first of many weeks without the

presence of John Bondhus, our founder and President, we want to express our sincere thanks and appreciation, both from those of us who had the privilege of working with John and from his family, for the outpouring of support and condolences we have received from our friends and business associates. John Bondhus was an incredible leader and friend. He will be missed.

John founded Bondhus Corporation over 40 years ago, and always made it very clear he intended for the Company to go on indefinitely, whether or not he was at the helm. To make certain that would happen, he hired an experienced and competent Board of Directors, and surrounded himself with highly qualified managers and staff, who were trained and mentored by John himself to carry on his legacy.

To fulfill John's wishes, the Bondhus Board of Directors has appointed Michael Blackston as the new President and CEO of Bondhus Corporation, effective immediately. Mike was formerly Vice President of the Company, and is highly qualified to fill this position. We all have the utmost confidence in Mike's ability to lead this company into the future.

Bondhus Corporation will continue to stand strong, long into the future as an independent manufacturer of the highest quality and most innovative hand tools in the industry!

Display Brochure

In the July 2006 mailing you received a new 8 page Display Brochure. Make sure you check out the new 4' Bondhus header and the Bondhus/Felo counter mat. Both of these items are a great way to draw attention to your hand tool line.
