

Singles available in bulk or with hang tabs

ComfortGrip handles

Handles are color coded

- Inch
- Metric

High strength chrome plated shafts

ComfortGrip

The ComfortGrip two component handle:

- A tough thermoplastic core for strength and resistance to splitting
- Molded-on rubber coating for superior grip
- Handle shape prevents rolling on surfaces angled up to 15°
- Handle has been accurately sized to provide the maximum turning power without damaging the nut driver socket or the nut or bolt head

- Industrial quality designed for dependability and functionality
- When an adjustable or open-end wrench is too slow or won't fit, use Bondhus Nut Drivers
